

# 9000 SERIES ADJUSTABLE ARM DOOR CLOSER

*Door closers contribute to privacy, draught prevention and heat saving, but perhaps more importantly, they check the spread of fire and smoke - **their reliability is vital.***

*All of Jebron's door closers are designed with this in mind.*

*An excellent series of multi-application, architectural overhead door closers available in two stylish designs and complete range of finishes*

9070 Dual Power
